- Higher retained value

Availability

MMS/Complete is available from SeaKits and as standard or optional equipment on select new cruising yachts by leading yacht manufacturers.

About SeaKits, Inc.

SeaKits, Inc. was founded in 2006 by a submarine service veteran and USCG Licensed Master who wanted a better way to outfit and maintain his own yacht for extended cruising. The Marine Maintenance Systemsm and other services are available direct from SeaKits and from leading boat builders and yacht managers. For more information, contact Barry Kallander at barry@seakits.com.
