

## Spare Parts Outfitting for the Cruising Yacht

### *The SeaKits Solution to Vessel Outfitting*

SeaKits Spare Parts Outfitting is a single point of contact for complete outfitting of new and refit yachts and those preparing for an extended voyage. Because SeaKits has done the sourcing work for you, you don't need to spend hours finding and ordering supplies from multiple suppliers and coordinating complicated shipping requirements. Our Stem-to-Stern Supply Commitment provides one stop shopping for all your parts requirements.

#### Features

- Stem-to-Stern Supply
- Spare Parts Determinations
- Parts Kitting
- Original OEM Parts
- Service and Repair Parts
- Equipment Spares
- Parts Labeling/Bagging
- Link to MMS
- Turnkey Outfitting

#### Benefits

- *Single, Reliable Source* for all your parts outfitting requirements
- *Parts Labeling* eliminates confusion over parts applicability
- *Bagging*, as needed, provides protection from the elements
- *Kitting* provides convenience and protection
- *Organized* parts ready for use

#### Spare Parts Kits

We specialize in organizing parts into logical kits for onboard storage. Our Spare Parts Kits ensure that your spares are properly packaged, labeled (equipment ID, part name, part number, manufacturer, and date), and stored in heavy-duty water resistant boxes that will protect your parts from the hostile environment found in most engine rooms, lazarettes, and storage lockers.

#### Ordering

Whether you need a shoebox, case, or pallet load of parts and supplies, ordering from SeaKits is simple. Send us what you need (phone, email, fax, or MMS) and where and when you need it delivered. SeaKits will send you a quote, usually within 24 hours, with list, price, and shipping estimates. Confirm your order with a credit card, and your order will be processed, packaged, and shipped in five to seven days. Difficult to find items and manufacturer stock-outs may take longer.

#### About SeaKits, Inc.

SeaKits, Inc. was founded in 2006 by a submarine service veteran and USCG Licensed Master who wanted a better way to outfit and maintain his own yacht for extended cruising. The Marine Maintenance System<sup>sm</sup> and other services are available direct from SeaKits and from leading boat builders and yacht managers. For more information, contact Barry Kallander at [barry@seakits.com](mailto:barry@seakits.com).
