GPM FLOW RATE	Diameter of opening in inches								
	1"	1.5"	2"	2.5"	3"	3.5"	4"	6"	
Distance below waterline	1'	20	44	79	123	177	241	314	707
	2'	28	62	111	174	250	340	444	1,000
	3'	34	77	136	213	306	417	544	1,224
	4'	39	88	157	245	353	481	628	1,414
	5'	44	99	176	274	395	538	702	1,581
	6'	48	108	192	301	433	589	770	1,731
	7'	52	117	208	325	468	636	831	1,870
	8'	56	125	222	347	500	680	889	1,999
	9'	59	133	236	368	530	722	942	2,121
	10'	62	140	248	388	559	761	993	2,235

The actual pump output can be substantially less than the rated output due to hose type, pressure head, in-line strainers, and check valves. Measure your actual through-hulls to determine your risk.
